

Periscope (07-0002)

1: Fasten the Periscope Bracket to the board with the 3/4" long phillips pan head screws provided.

2: Snap the Periscope into the Periscope Bracket. The Periscope Bracket should be in between the "rings" at the bottom of the Periscope.

Please note: Periscope does not magnify objects.
Periscope does contain mirrors inside and does function like a real periscope.

!WARNING! **DO NOT LOOK INTO SUN OR OTHER BRIGHT LIGHTS WITH PERISCOPE**

FOR RESIDENTIAL USE ONLY
